1-2-DFW CITIES

The map shows all City Limits in the North Central Texas region, and it covers all the cities within the Dallas-Fort Worth metropolitan. It is boundaries for places in Texas used for tabulation of the 2010 decennial census data. The data is attained from the North Central Texas Council of Governments (NCTCOG) website. (<http://data-nctcoggis.opendata.arcgis.com/datasets/city-limits-2010-census>, Retrieved July 2019) The overlay of maps 1-2 onto map 1-1 shows the spatial relationship between incorporated cities and the counties in which they reside.
